Hello

I am going to cancel today's 1:30 NJDEP pre-meeting. I have talked about CSTAG and RAOs with our technical staff to death. I need them to work on both of them instead of talking more. I am still free at that time and I have the conference line. Juan, if you would like to call in, I can give you an update. Sara and Frances you are of course welcome to join us. I attached the CSTAG again here for reference
